* Dam of distinction

Gelbvieh breeder recognized for outstanding productivity

DAVIDSON GELBIEH PONTEIX, SK

was recently recognized by the Canadian Gelbvieh Association (CGA) as the owner of 35 Gelbvieh cows exhibiting the consistent maternal efficiency typical of "The Continental Breed of Choice." The CGA has designated these outstanding beef females as Dam of Merit and Dam of Distinction.

Maternal productivity plays a major role in profitable beef production, as nearly 60 percent of the cost of producing a pound of beef can be attributed to the cow herd. Considerable economic research has demonstrated that fertility and calving ease followed by milk, growth, and carcass cutability have the biggest influence on profit in a retained ownership (conception to carcass) system.

Commercial cattlemen agree that Gelbvieh have strong maternal attributes with the added benefits of fast growth and carcass cutability. Given the increased emphasis on efficient beef production, the Gelbvieh breed is in an excellent position to increase its influence on the beef industry.

The title "Dam of Merit" recognizes cows that meet strict selection criteria including early puberty and conception, regular calving intervals, and above-average weaning weights on at least three calves. Of the 4899 active cows in the Gelbvieh breed, only 5.2 percent qualify for Dam of Merit. The "Dam of Distinction" honor recognizes cows that meet the same high standards for superior, long-term productivity with at least eight calves. Just 0.8 percent of all active Gelbvieh cows qualify for this elite group.

For more information on Gelbvieh cattle and CGA programs, contact the Canadian Gelbvieh Association at 5160 Skyline Way NE, Calgary, Alberta T2E 6V1, or telephone 403-250-8640.

PONTEIX, SK S0N 1Z0

Congratulations! You own and/or have bred at least one Gelbvieh/Balancer cow that qualified this year for Dam of Merit or Dam of Distinction. These cows represent the very elite of the breed. Of the 4899 active cow in the Gelbvieh breed, only 255 cows or 5.2% qualified as Dams of Merit, with only 38 cows or 0.8% qualified as Dams of Distinction.

The CGA recognized these two levels of productivity based on data submitted to the CGA office as of September 4, 2019. A Dam of Merit must have produced at least three(3) calves and a Dam of Distinction must have produced a minimum of eight (8) calves. In addition the dams must meet all four of the following additional qualifications:

- * Age at first calving must not exceed 25 months
- * Produced a calf that was born between January 1, 2018 and March 1, 2019
- * Possess a minimum average weaning weight ratio of 101 for all calves
- * Maintained a regular calving interval. Average calving interval must not exceed the value calculated using the following formula:

$$((\# \text{ of calving intervals} \times 365 \text{ days}) + 30 \text{ days}) / \# \text{ of calving intervals}$$

OR

Had her 3rd calf before her 4th birthday and maintained a 365 day calving interval thereafter.

If you are an owner of qualified cows, enclosed is a report of Dams of Merit or Dams of Distinction recorded in your membership. If you are the breeder of one or more honored dams, you will find enclosed a Breeder report listing those qualified cows for which you are the breeder of record.

In addition, enclosed is a news release on your herd that you can submit to your local newspaper. The CGA automatically sends a separate release to state Gelbvieh and regional publications. A complete list of owners of Dams of Merit and Dams of Distinction will be printed in the Gelbvieh World along with a separate listing of the top 20 breeders and owners of recognized dams.

Again, congratulations! Please give CGA a call if you have any questions.
