WELCOME TO OUR 36TH ANNUAL BULL SALE!

It is our pleasure to invite you to attend our bull sale on Friday, March 7th, 2025!

Our operations Davidson Gelbvieh & Lonesome Dove Ranch strive each season to develop a set of bulls that bring a lot of great attributes to the table! Whether you are looking to elevate your seedstock program, produce herd-building daughters, or sire steers that will generate payday revenue, our purebred Gelbvieh bull offering will provide you with those opportunities.

We truly enjoy raising Gelbvieh cattle and have for many years! We value cattle that will thrive in many different environments, are sound, good to manage, fertile, and adaptable. The conditions are ever-changing, with parameters set and reset, so the bulls that we offer for sale must produce above average!

Eye appeal, capacity, and function are important qualities for us. As you plan your breeding programs this spring, you'll find these bulls on offer have a lot of characteristics that meet those criteria! There will be many half-brothers, heifer bull options, tried and true bloodlines, and brand new genetics!

To our valued repeat clients and friends, we sincerely appreciate your support and look forward to your inquiries. If you are new to our sale or considering attending for the first time, we welcome the opportunity to discuss your bull needs.

These bulls are offered with their 100K DNA tests in place, are sire verified and tested for homozygous polled and homozygous black. All bulls are registered with the Canadian Gelbvieh Association.

A vet assessment and breeding soundness evaluation will be in place prior to the sale.

Sale day, Friday, March 7th, 2025 starts with coffee and donuts followed by a beef lunch at 11:00 am. Please bring your family and neighbors and enjoy our hospitality in our heated sale barn! Sale starts at 1:00 - We look forward to seeing and visiting with you then!

Hat Trick is one of the most consistent sires we have in terms of BW and gains. His second crop of bulls are attractive and easy-moving. His daughters are versatile and developing into nice females. His second crop of bulls on offer, with many top-ranked for growth, averaged 86lb at birth. This VIP-sired herd bull continues to make an impact and another set of calves will hit the ground in 2025.

-0.21	6	0.41	0.1	-0.03	HOMO BLACK		HOMO POLLED			

Homo black, homo polled, here's an easy-doing type, with a big hip and a wide-top, he is the kind of bull that will put good feet under his offspring and nice udders on his daughters.

***Fertility and longevity are keys to profitability.***

The bulls on offer are raised by females that are productive, raise a calf every year, and maintain sound udders and feet. In 2024, the Canadian Gelbvieh Association ranked Davidson Gelbvieh as number one in the registry for owning 39 Dams of Merit and 4 Dams of Distinction. Lonesome Dove Ranch was recognized for owning and breeding 20 Dams of Merit and 1 Dam of Distinction.

Grand Champion Bull at Farmfair 2021 in Edmonton, Alberta as a yearling, Reserve Champion Mature Bull at Farmfair in 2022. Optimist continues to get well-deserved attention by many seedstock and commercial cattle producers!! A daughter claimed the Champion Purebred Senior Heifer Calf Championship at Farmfair 2022, on her maiden voyage from home. An all-around bull that awed us with his disposition, sound, fluid movement and progeny. Unfortunately, we lost this sire in 2024.

Optimist genetics in fine form in this stout made late January born bull, he might have been born a twin, but that hasn't stopped him from growing...722 lb adjusted weaning weight and a 3.42lb ADG and a 3.66lb WDA!! His fertile Dam was named a Dam of Merit in 2024, his fertile half sib DVE 4L, who we retained, is set to become a Mom for the first time very early in the calving season too! Red Oak 20M has tested homozygous polled!

His dam, a youthful looking female will be 12 years old when she calves early in the season. She's had 10 progeny to date, including a bull for Davidson Cattle Co and Lonesome Dove Ranch — Macon 111C who has contributed many awesome progeny for their large operations! Another son was selected for Palmers sizable commercial operation and we currently have 2 daughters employed, DVE 179K and DVE 119L! Homozygous polled, homozygous black, good hiped, and a 716 adjusted yearling weight!

The mother of this good bull will be 10 years old when she calves again, 8 progeny, one a year to date - another Navaho Grandam! Her sons in past years have been sought after by many of our repeat buyers including Armstrongs and Guenthers! We currently anticipate the arrival of a new calf in early Feb., by one of her daughter's DVE 17K!

Sired by Payce, our calving ease sire, here is a good example of a bull with a modest 75lb birth weight who went on to gain just shy of 4lb ADG post-weaning. Good foot and leg set, his first-calf dam is a Sam daughter that has a lot of potential.

All sale bulls will sell with a valid semen evaluation sale day and are veterinarian inspected for soundness and health.

A strong pedigree magnifies itself here! Awarded Reserve National Senior Champion Bull in 2021, National Junior Champion at the 2022 Canadian Western Agribition & Reserve National Champion 2-year-old at Farmfair International in 2023 and was the 2023 Champion Senior Bull at Canadian Western Agribition. A bull you've got to admire from every direction, a bull with top, capacity, bone, stance and length. Ideal in his disposition, an awesome producer, steady and predictable!

Tommy-sired bulls have been demonstrating an ability to combine growth and gains with thriftiness and eye appeal. He was used exclusively on cows this past year however he has been dual-purpose and has been used on heifers as well. He's known to get females bred up early in the season. His versatility allows him to suit many types of programs and he will produce tremendous bulls and excellent females that will be hard to part with. His sons averaged 3.9lb ADG.

A wonderful addition to our program, this bull's dam TIP 124F keeps up the pace achieving Dam of Merit in 2024! A dam with an excellent udder and a sweet mama look — you'll want to be keeping his daughters too! At soon to be seven years of age his dam will calve again early in the season! An adjusted weaning weight of 712 lbs pairs great with this bull's big flat top, darker red, dimension and predicted homozygous polled abilities!

This is Mr Good's first crop of sons on offer and we have been impressed with all that this promising sire brings to the table. He was raised by a maternal powerhouse and we have several noteworthy up-and-coming heifers in the replacement pen in addition to his strong group of sons on offer. An all-around good herd bull that has accomplished a lot for the Lonesome Dove program in a short time. His sale offering gained an average of 3.85lb ADG.

RIGHTS AND OBLIGATIONS - The terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding on both parties. Animals resold following purchase in this sale constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

ANNOUNCEMENTS - Announcements from the auction block will take precedence over printed material in this catalog. Buyers are therefore cautioned to pay attention to any such announcements.

BIDDING - Animals will be sold singly or in lots to the highest bidder. Bidding will be carried out in Canadian dollars.

AUCTIONEER - The auctioneer will settle any disputes as to bids and his decision on such matters will be final. The auctioneer will have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance prior to the sale.

RISK - Cattle are at the buyer's risk as soon as sold but every precaution will be taken for their welfare.

TERMS - The terms of the sale are cash or cheque payable at par at sale location. The current rate of exchange as of sale day will apply to purchases made by U.S. buyers. Parties unknown to the sale manager desiring to settle by personal cheque, should bring a letter of identification from their bankers.

The right of property shall not pass until after full settlement is made. All settlements must be made with sale clerks before any cattle will be released.

DELIVERY - Delivery at cost within the Prairie Provinces or nearest point of entry within the Prairie Provinces as soon as possible after the sale at the seller's convenience and the buyer's risk. Special consideration maybe given to group purchases. Written instructions must be given at time of settlement. Cattle are the property of the buyer as soon as the auctioneer declares them sold therefore buyers are urged to insure animals for full value.

CERTIFICATE OF REGISTRATION - Each animal will carry registration papers issued by the Canadian Gelbvieh Association and will be furnished in the name of the new owner after full settlement has been made. Every bull purchaser, outside of Canada, has the sole responsibility to investigate home country registration, on desired sale lots, and level of re-registration in home country, prior to purchase.

BREEDER'S GUARANTEE - All cattle sold at our sale are veterinary-inspected prior to the sale and are fully insurable on sale day. Each bull sells sale day along with a valid semen test as provided by a licensed Veterinarian. We suggest you buy full mortality and fertility insurance on your bull purchases. A fertile bull can lose his ability to settle cattle therefore prudent management of your breeding bulls' overall health is very important, es-

pecially throughout the breeding season. Watch your young bulls breeding activity early in the breeding season and don't let an older bull intimidate his actions. Our warranties do not cover bull injuries or sickness not apparent sale day or guarantee that bulls will produce semen that will freeze. All cattle sold sale day are the full responsibility of the new owner. Any issues must be reported in writing, within 6 months of sale time to Davidson Gelbvieh and Lonesome Dove Ranch and are to be accompanied by a Veterinarian's Certificate. **BULLS LEFT FOR LATER DELIVERY ARE DONE SO AT THE BUYER'S RISK. INSURANCE ON PURCHASES IS THE RESPONSIBILITY OF THE BUYER.** At no time will the breeders Davidson Gelbvieh or Lonesome Dove Ranch be liable for a credit more than the original purchase price. Homozygous black and homozygous polled animals included in this sale are as reported by and reliant upon the results from qualified labs in Canada and the U.S.

SOLICITING - Promotion of cattle, other than those in the sale, is frowned upon and considered an unethical practice during any sale.

ACCIDENTS - Although every precaution will be taken to protect the safety and comfort of buyers, Davidson Gelbvieh/Lonesome Dove Ranch assume no responsibility in these matters and disclaims any liability, legal or otherwise, in the event of an accident or loss of property.
