SATURDAY, NOVEMBER 14, 2026 • 7:00 PM CST

AT THE RANCH, PONTEIX, SASKATCHEWAN

Welcome,

We're pleased to invite you to our live female sale event. We're cracking open the vault to offer this rare opportunity that doesn't come around often! Within this select group of females, you will find exceptional depth of quality, a diversity of proven genetics, and highly requested, respected pedigrees.

Superior maternal traits are a cornerstone of our breed, and we too place great emphasis on producing purebred Gelbvieh females that have good udder suspension, appropriate teat length and teat placement. Both of our entire herds – bulls and females – are built on a practical and solid foundation of strong structure, good feet, capacity, temperament and fertility.

Many sale lots feature new innovative pedigrees. Several females are raised by steadfast, mature dams that produce a high-potential calf year over year, and there are sale lots raised by first-calf heifers as well.

We've been fine-tuning our selection criteria for decades, and the females offered are truly captivating... backed by maternal, fertile, efficient, and productive dams and sires. This is your opportunity to select the females you've been waiting on!

Bid with confidence – the females offered are all parentage-verified to dam and sire, and have been tested for coat colour and polled characteristics. We work with our veterinary team to ensure we maintain a strong vaccination program, and we are also accredited through the VBP+ program. Our veterinarians have palpated the open replacement heifers and pregnancy-checked the bred females.

Whether you are a friend, neighbour, long-time customer, or new to our program, please join us Saturday, November 14, 2026, this is our way of saying thank you for your support throughout the year! Please be our guests for a delicious beef supper, hospitality, and conversation beginning at 5:30 pm. The sale starts at 7:00 pm CST.

We look forward to seeing you!

INSURANCE

We strongly recommend buyers insure their purchases with their preferred insurance agents. Females left for later delivery are done so at the buyer's risk.

EXPORT, INTERNATIONAL TRAVELLERS & EXCHANGE RATE

We are pleased to coordinate livestock shipment and export requirements. When travelling to the sale, please remember your valid passport and check USA/Canada Border Crossings for hours of operation. American funds will be accepted at the Rate of Exchange announced on sale day. The strong US dollar currently gives American buyers a purchasing advantage.

ATTENTION JUNIORS!!

Purchase a heifer from our sale and receive a \$250 credit.

AI'd to DVE Davidson Red Wrap 26G April 20.

Pasture-exposed to DVE Davidson Judge 121M from April 19 to June 1.

Undeniably one of the most outstanding, complete feature females we have ever raised. Sun Tea is the combination of a proven pedigree that is stacked with established longevity and capable characteristics that excel and perform to the top of the line. She is alert and attractive, full of presence, angular and as soft and big-bodied as you can make. She is correct in motion, big-hipped, has endless hair and what ties this maternal machine together is her superior teat and udder design. She is AI'd to DVE Davidson Red Wrap 26G, one of the most proven bulls in the entire breed. This is an incredible opportunity to own one that has already proven herself in the ring as well as in production, with her undefeated show season. **Entered to show at Agribition.**

A true standout since day one. This Generation-sired heifer is truly unique in her phenotype, a heifer calf that is developing ideal teat size and placement. She is a long, big-centred heifer with lots of neck extension and eye appeal, catching her a lot of attention throughout the summer. Sunberry 179P is raised by one of the most proven power cows, DRT 213E, pictured at nine years of age, who annually produces top-of-the-line offspring. Sunberry is a maternal sister to Lot 1's dam. With proven maternal characteristics on the bottom side of her pedigree and a new, exciting outcross on the top side, this is a blend of a neat pedigree that you won't want to miss.

Pasture-exposed to DVE Davidson All Natural 47L from April 20 to June 1.

Never before have we sold bred females, and Lonesome Cailin 42N is the product of what we have been striving to raise for decades. She is the only Hat Trick daughter ever offered for sale. Cailin is one of the strongest-footed, most ideal-uddered and feminine-made bred heifers that we've ever seen or produced. She is well-balanced and up-headed, and a true feature female in the entire breed, with such a unique, high-demand pedigree that is not only proven but thrives. Whether you want to own a standout pair or have a donor that will leave a legacy, Lot 3 is one of those special females that will make an impact.

While picking sale heifers this summer, this fancy female had a compelling look that was hard to miss. This beautiful Tommy daughter, with her incredible Eastman dam, may be one of the most elegant, maternal cows on the place. She has a perfect udder, correct foot, is extremely big-bodied, and angles out of her neck and shoulder as well as you want one to. Lonesome Disco Ball 113P is following those same footsteps. She has tons of true muscle definition and a tremendous maternal look about her. She has an intriguing pedigree that is at the top of the breed with her negative calving ease EPD number. A highly maternal heifer calf that lives up to her name.

Heifer is entered to show at Agribition. We will work closely with new owners to handle show arrangements and logistics.

The kind to succeed in the show ring, and in production. This heifer has the show ring presence in a real-world package, off of a 9-year-old cow that is the star on the front cover of the catalogue. A Hector daughter that has had a great start to her career, being slapped Reserve Champion Gelbvieh female in August at the Young Ranchman's Show in Swift Current. Girl Boss is a stand-out. Her silhouette is unmatched; she is long-necked, comes upward out of her shoulder, super soft in her center rib, and full of muscle and shape. She will capture attention whether it's in the front pasture or under the show ring lights. She is bound to make an impact, not just within the breed but the industry.

First impression means everything, and that first look at Lonesome Ingenue 33P is unforgettable. She has an alert look, a clean and attractive skull design, and an elevated front end that holds your attention. She is also smooth and deep in her rib shape. She has highly enhanced EPDs to complement her phenotype and her young dam has a picture-perfect udder. With a maternal pedigree that handily crosses over from black Jubilee into our red program, she has plenty of muscle definition and true maternal characteristics woven through her bloodlines. This Hector-sired daughter is truly high-calibre and stands apart from the rest.

We are pleased to present this exceptional female for sale, as she serves as a testament to our ongoing commitment to providing elite genetics! In all our years of breeding cattle, she stands out as one of our most distinguished females. We considered retaining her, but we believe in the importance of sharing our premier bloodlines, so here is your opportunity! Having retained her sire in 2025, we are witnessing the remarkable quality of his offspring. 23P is elegant, well-structured and has inherited natural volume, class and grace from her impressive young dam, all set to calve early in 2027 once again. DVE Davidson Ms Marv 23P is homozygous polled.

Lot 8 is a half-sister to Lot 1, both sired by DVE Davidson All Natural 47L. All Natural sons were also a highlight in our 2026 bull sale. DVE Davidson Ms All Natural, 176P's dam, is a first-calf heifer with bragging rights – look at the strong genetic value she has shared with her daughter! A "look at me" kind of heifer since birth... moderate and fancy! Her dam, DVE Davidson Ms Tip 139M, is bred up early once again! Young, productive cows that consistently raise the bar... make raising foundation cattle profitable.

Heifer is entered to show at Agribition. We will work closely with new owners to handle show arrangements and logistics.

A highly anticipated Game On daughter that has been on our radar throughout the summer. She is one of the biggest-middled, stoutest-made females in the offering and a family favourite! A very well-balanced daughter raised by Lonesome Red Plum, a Hector-sired daughter that is pretty in her phenotype and kind. As a first-calf heifer, she hit it out of the park raising this feature female, Cadence. She is genuine in terms of her muscle shape and natural dimension. This heifer is an outcross-sired female with built-in cow power whose granddam is a two-time Dam of Merit. She is bound to leave a mark wherever she goes.

Valerie never goes unnoticed, being one of the most docile, friendly females in the pen. She is bigger in her frame and flawless in her structure. She is a graceful and polished Game On daughter who would make a great Junior project and be a lot of fun to show. Valerie is developing great teat length and placement that connects into her underline properly. She is very beautiful in her skull and perfect-footed. She is a really well-constructed female that features a maternal and calving-ease silhouette. Her dam is an excellent-footed, great-uddered first-calf heifer that has us on the edge of our seats, excited for her next calf to hit the ground.

This lovely gal is homo polled and homo black, and the only Timeframe daughter in the offering. What you see is her great foot, deep middle, and bold rib -- what is backing her look is an influential matriarchal bloodline. Club de Nuit was raised by a young, smooth-made first-calf heifer who has an excellent udder and traits that are carrying forward into her daughter. This lot's grand-dam, a consistent producer, achieved Dam of Merit status as early as possible in her career. We have many Payce daughters in active production, and you know when Payce is in the pedigree, calving ease is a given. A feature look with maternal factors -- we are really hyped about this one!

This sale lot is a half-sibling to sale lot DVE Davidson Ms Good Deal 78P, both are outstanding daughters of Good Deal. We acquired this sale lot's exceptional dam from Kert and Jo Ness as a bred heifer in 2024. She is an easy-fleshing producer that combines superior depth of quality with an eye-appealing, luscious phenotype. Ranching in a semi-arid region has schooled us to breed cattle that can thrive and are adaptable in many growing conditions. Moderate at birth and homozygous polled. Like Mama, like daughter, a good-looking heifer bound to be a great addition to many astute breeding programs.

Lady Mary is an example of how well our exclusive Like Gold genetics perform in a homozygous black package! Lady Mary's young dam, a 2026 Dam of Merit, has consistently produced functional daughters that never miss a beat. Her maternal grandsire is DVE Davidson Cowboy 20U, who is a prominent breed legend. This sale lot is long, level-topped, correct, sound, and flawless on the move. She features a beautiful head that integrates with a long and attractive front end. Tommy, her sire, reliably puts muscle expression into his daughters and sons alike; her paternal brother (pictured) is a good example of that.

Heifer is entered to show at Agribition. We will work closely with new owners to handle show arrangements and logistics.

This swoon-worthy Hector daughter is one of Cameron's top-listed females. From the end of her tail head to the tip of her nose, she's constructed to excel! She has presence and panache, making her one of the showiest, most stylish females in the offering. She's more than just good looks, she has substance too! She moves freely, angles out of her neck and shoulders extremely well, a lovely rib shape, and maintains body shape, capacity, and dimension. Swoon is a beautiful combo of Hector's smooth, muscular shape and her mom's feminine features, including a good udder and proper foot.

In our search for a new black herd sire, we acquired this heifer's high-selling sire from the Hojer Ranch in 2025. We are excited about his consistent progeny performing exceptionally well alongside their dams throughout 2026. This offering represents the very first of the BNC Gentleman L406 genetics to be offered for sale! This heifer is homo polled and out of an awesome red high-volume dam with an excellent udder. This first-calf heifer's dam earned the "Dam of Merit" designation in both 2024 and 2025, and with six progeny to date, she remains a consistent front-pasture kind of female. Fertility is a trait we all value - we have retained 18 of her direct half-sisters!

SATURDAY, NOVEMBER 14, 2026 • 7:00 P.M. CST • PONTEIX, SASKATCHEWAN

OPEN HEIFER

DRT 395N, paternal brother to lots 21 and 22 and was a high-selling bull in 2026, going to work at Golden Buckle Gelbvieh in North Dakota.

This lot is full of eye appeal and features a homozygous polled and homozygous black pedigree. She was raised by an icon for a cow that goes back to Ruttan genetics and DRT 107C, who is a past Dam of Merit. She's stylish, elegant, big-topped, full of eye appeal, and profiles nicely – all carrying these beneficial traits on an excellent foot. This Tommy-sired daughter is correct in her structure. We have maternal sisters at work in our herd that are impactful, raising stout bulls and dynamic daughters themselves. Lady Violet is built to make an impression not just today but in the years ahead.

Here's a Tommy daughter that demonstrates functionality and performance in a clean, feminine design. She has a good hair coat and is hard to miss with her beautiful, nicely shaped head. Hollyhock features body, look and style from all angles. She has a proven maternal pedigree and was raised by no-nonsense Jubilee dam who has progeny working in many prominent pastures across western Canada. With a granddam still at work in our herd at nearly thirteen years of age, this lot has longevity in her blood. Jubilee has given us many elite, reliable herd-building daughters, and this granddaughter looks to carry on that trend.

A Generation daughter who understood the assignment! She's striking, polished and fancy-fronted. She has a nice shoulder that blends seamlessly into an attractive head and good neck extension. Refine lives up to her name, representing femininity and grace, yet she is backed by a powerful and practical genotype. She is deep-middled, deep-flanked, and has lots of hair to play with. While searching for innovative outcross genetics, we found Generation, the sire of this sale lot... so far, he is proving to be impactful for our program, maintaining our goal of producing sound, functional, efficient cattle.

This red Generation daughter is well proportioned in her body shape with natural depth and dimension. She has a soft look about her, a fancy front end, a wide hip and a massive rib, all in a nicely coloured, good-haired package. She has a great quality foot and correct structure. Adobe Rose's dam is turning twelve, and she has been a long-lasting matriarch that demonstrates easy-doing qualities in her high-performing offspring. This lot was born as a twin to a heifer calf, this dam's first set of twins in 10 calving seasons. With this well-balanced homo polled heifer, you will get the promise of the future but the security of a proven track record.

We sold this lot's half-brothers at our 2026 bull sale and they were in high demand! Many other half-brothers sold in previous bull sales and are gaining their own contributions for Flatland Ranch, El Dor and Guenthers in Canada, as well as breeders in Montana and Mexico. Because we have recognized the benefits, Twenty Good Deal daughters graced our 2026 breeding fields. They have all earned themselves a super reputation! This sale lot's dam, DVE Davidson Ms Manager 80L, is Cameron's favourite cow in our herd, and she's earned her right to stay, as she too is all set to calve in 2027. Homo polled, she is working to gain your approval!

Here is a heifer calf brimming full of maternal characteristics and possibility! She is big boned, super hairy, and moves out well. Her young dam has raised impressive offspring in her short career, including a bull that headed across the country to Ontario. Good Girl also has some prominent paternal siblings. Tommy-sired DRT Lonesome Unlock 393N (pictured) was the 2025 Intermediate Champion Bull Calf at Agribition.

From Herd Bulls to Elite Females
STRENGTH AT BOTH ENDS OF THE PROGRAM

Davidson Gelbvieh and Lonesome Dove Ranch have been among the top-ranked herds for owning and breeding Dams of Merit and Dams of Distinction. In 2026, the Canadian Gelbvieh Association ranked Davidson Gelbvieh as number 1 in the registry for owning 40 Dams of Merit and 5 Dams of Distinction. Lonesome Dove Ranch was recognized for owning and breeding 17 Dams of Merit.

DIRECTIONS TO THE SALE BARN

TERMS & CONDITIONS

Rights and Obligations – The terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding on both parties. Animals resold following purchase in this sale constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

Announcements – Announcements from the auction block will take precedence over printed material in this catalog. Buyers are cautioned to pay attention to any such announcements.

Bidding – Animals will be sold singly to the highest bidder and bids are carried out in Canadian dollars.

Auctioneer – The auctioneer will settle any disputes as to bids and his decision will be final. The auctioneer will have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance prior to the sale.

Risk – Cattle are at the buyer's risk as soon as sold, but every precaution will be taken for their welfare. Cattle are the property of the buyer as soon as the auctioneer declares them sold therefore buyers are urged to insure animals for full value.

Terms – The terms of the sale are cash or cheque payable at par at sale location. The current rate of exchange as of sale day will

apply to purchases made by U.S. buyers. Parties unknown to the sale manager desiring to settle by personal cheque should bring a letter of identification from their bankers. The right of property shall not pass until after full settlement is made. All settlements must be made with sale clerks before any cattle will be released.

Delivery – Delivery at cost within the Prairie Provinces or nearest point of entry within the Prairie Provinces as soon as possible after the sale at the seller's convenience and the buyer's risk.

Certificate of Registration – Each animal will carry registration papers issued by the Canadian Gelbvieh Association and will be furnished in the name of the new owner after full settlement has been made. Every purchaser outside of Canada has the sole responsibility to investigate home country registration, on desired sale lots, and level of re-registration in home country, prior to purchase.

Breeder's Guarantee – All cattle sold at the sale are veterinary-inspected and are fully insurable on sale day. Our warranties do not cover injuries or sickness not apparent on sale day, nor do they cover animals subjected to hormonal or surgical reproduction methods following the sale. All cattle sold are the full responsibility of the new owner when the hammer falls. Any issues must be reported in writing, within 6 months of sale time to Davidson Gel-

bviah and Lonesome Dove Ranch and are to be accompanied by a Veterinarian's Certificate. CATTLE LEFT FOR LATER DELIVERY ARE DONE SO AT THE BUYER'S RISK. INSURANCE ON PURCHASES IS THE RESPONSIBILITY OF THE BUYER. At no time will the breeders Davidson Gelbvieh or Lonesome Dove Ranch be liable for a credit more than the original purchase price. DNA test results are reported by and reliant upon the results from qualified labs in Canada and the U.S.

Soliciting – Promotion of cattle, other than those in the sale, is frowned upon and considered an unethical practice during any sale.

Accidents – every precaution will be taken to protect the safety and comfort of attendees however, Davidson Gelbvieh/Lonesome Dove Ranch assume no responsibility in these matters and disclaims any liability, legal or otherwise, in the event of an accident or loss of property.

Accidents – although every precaution will be taken to protect the safety and comfort of buyers, Davidson Gelbvieh/Lonesome Dove Ranch assume no responsibility in these matters and disclaims any liability, legal or otherwise, in the event of an accident or loss of property.
